- Williamsburg was the capital of Virginia from 1699 to 1780. Some lived and worked here by choice, others were brought or kept here by force, and some had been here long before any newcomers arrived.
- The Historic Area includes 89 original 18th-century buildings, as well as hundreds more buildings reconstructed based on historical records and archaeological research.
- People of the past, practicing tradespeople, and historical interpreters are eager to share their knowledge of our history.
- Ask questions and add your voice to the American experiment.

As a private, not-for-profit organization, your admission ticket directly benefits The Colonial Williamsburg Foundation, advancing our preservation, education, and civic engagement objectives and supporting our mission:

*That the future may learn from the past.*
